service  
maintenance  
repair

PlanSolus is our one call service, maintenance and repair (SMR) product for all your day-to-day fleet needs. PlanSolus is available on a budgeted or recharge basis. With either solution you benefit from our economies of scale.

On a budget plan, you pay PlanSolus a fixed monthly amount based on the vehicle, term and mileage. You are then covered for all costs that arise in the maintenance of that vehicle during the term.

Just one call takes care of:

#### Servicing and maintenance

Book your vehicle in for service using our freefone number or online. We'll arrange for it to be collected, serviced, washed, vacuumed and returned to you. Alternatively, we can arrange for a courtesy car for you.

#### Replacement tyres, batteries and exhausts

PlanSolus will arrange an appointment at an autocentre convenient to you, or for a mobile unit to visit your premises.

#### Breakdown assistance

If your vehicle breaks down we will arrange for our partners to reach you and assist. This service is available 24hours a day, 365 days a year and is included on all contracts with breakdown cover.

#### Glass replacement

If you need a replacement windscreen or glass for your vehicle our partners can help. This service is chargeable, although you enjoy our fleet discount terms.

#### Accident management

In the event of an accident our management partner will take control of the situation for you, including the recovery, repair and provision of a replacement vehicle (free of charge in non-fault accidents).

#### Replacement vehicles

If your vehicle is off the road, we can arrange for a replacement vehicle. This service may be charged if not included as an option.

#### Key Features

- All services can be accessed by just one number - 0800 043 1833
- Bookings can be made online at [www.planyourfleet.com](http://www.planyourfleet.com) 24 hours a day/365 days a year
